Vol. 1 Issue 6

## Christmas in July Continues

Summer has finally arrived in Northern Wisconsin and we are featuring Christmas at the **Shabby Shed**. We all know the wind off Lake Superior can drop the air temperature 30 degrees in minutes and give us a winter type chill in the middle of July. This however, is a different kind of "Christmas in July". The Shabby Shed vendors are teaming up to bring you an assortment of Christmas decorations for your home. Come join the fun and see how adorable the shop is decorated for you, our customers. We are offering 50% off anything Christmas! Each week our vendors are on a "treasure hunt" to add more inventory of funky junkie, antique furniture, vintage memories, and sassy expressions! If you are a fan of home décor you really owe it to yourself to take the country drive to the Shabby Shed. The dream of an actual little shed to "house" this fun endeavor is nearly complete! Come peek at the progress on Shabby Shed. The construction process on the exterior is almost done, just trim work and stain needed. Next we move indoors to work on the interior and the weather won't be in control as much from this point forward.

It all takes time and we appreciate everyone who has lent a helping hand. Hopefully in a few short weeks we will move everything over to this new cute little shed and we will hold a fabulous Grand Opening! We will continue to hold sales each week in the meantime in an effort to make room - our shoppers will benefit from all the great deals! We continue to find "whispers of the past" - Jewelry, home and garden decor and trashy treasures to repurpose and give new life to. Our excitement is bubbling over and as always we appreciate our fans who share the news about this hidden must see shop.
